OF BEAU MONDE WINDOW FASHIONS AND MORE

Elegant Windows

Tamara Johnson, Allied Member ASID President, has successfully blended her business background and her design experience to become the inspiration behind Beau Monde Window Fashions and More. Tamara has become recognized for her high quality, customer service and comprehensive individual designs for every client.

In French, Beau Monde translates to "Elegant World." Tamara accomplishes this by bringing her passion for outstanding fabrics into her clients' homes. With innovative design concepts and attention to the smallest details, Tamara creates rooms that are welcoming and comfortable.

The exquisite Beau Monde showroom features over 70,000 fabrics - from delicate imported silks to lush colorful upholstery lines. A new line that Beau Monde features is high quality hardware for window treatments, embellished with Swarovski Crystal - eloquently named "Beau Monde Bling."

Tamara brings all components of good design together.
